## Enrolling in a General Education course (Diploma/Certificate)

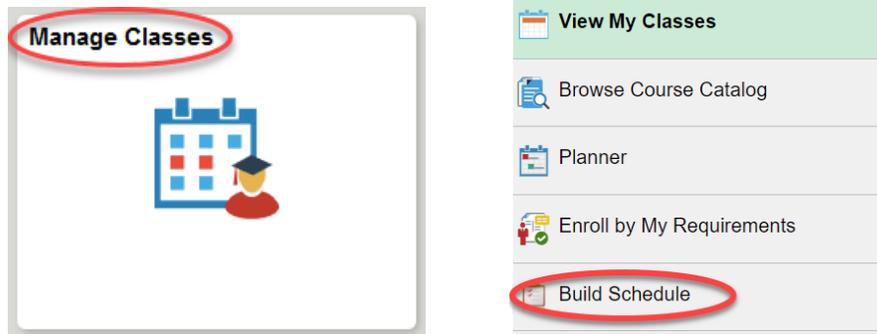

If you are enrolled in a certificate, diploma or advanced diploma program and are enrolling in a General Education course this term, it is recommended that you first review the list of available courses found at the link below. You will need to select from this list during your enrolment in Visual Schedule Builder (VSB).

### General Education Courses:

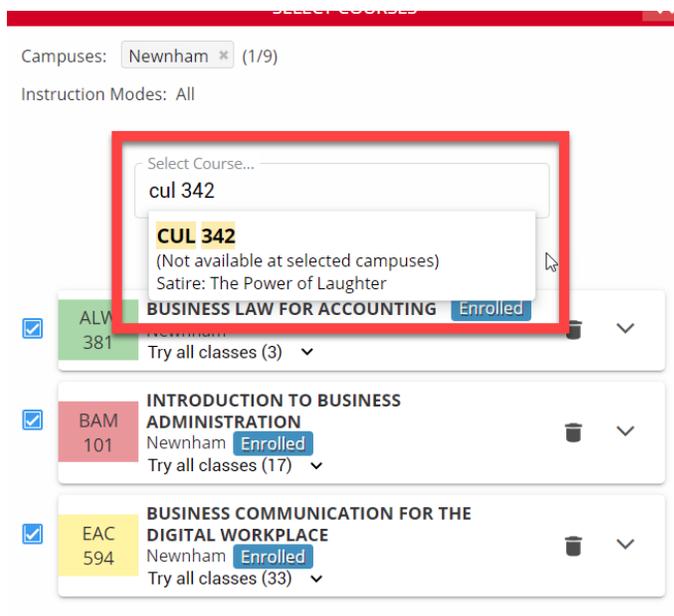

Please review General Education requirements before enrolling in courses.

[senecacollege.ca/school/els/courses/general-education-courses.html](http://senecacollege.ca/school/els/courses/general-education-courses.html)

1. In Student Home, in the **Manage Classes** tile, select **Build Schedule**.

2. In the **Select Course** field, enter the course code for the program in which you would like to enroll. If the course is available and fits in your schedule, you will be able to **Get this Schedule** and then **Do Actions** to enroll in the course.

Please review your academic requirements from Student Home to ensure you are taking General Education courses from each category. If you have any questions, please contact your student adviser.
