If you have received your Letter of Acceptance (LOA) and Provincial Attestation Letter (PAL) for the Winter (January) 2027 intake, please review and complete all checklist items below. If you have not received your LOA and PAL, you can follow the status of your application on **Student Home**.

## Studying From Home

This checklist is for international students who:

i) will be staying in their home country,
ii) will be joining classes online (your courses must be available in online or flexible **delivery format** to study from home).
iii) understand that time spent studying outside of Canada from September 1, 2024 is not counted toward PGWP.

## International Students Enrolling in the January 2027 Term

Your eligibility for a PGWP depends on your program of study, the date you submitted your study permit application or PGWP application and meeting the minimum language proficiency required by the government.

To be eligible for a PGWP, you must complete a degree program or another program that meets the field of study requirements. You must also:

- Complete the duration of your program inside Canada, time spent studying outside Canada will be deducted from the length of your PGWP
- Complete at least 50% of your program in class
- ”In class” includes: in-person, hybrid, and flexible delivery format
- For flexible delivery you must plan to attend on campus
- Meet the minimum language proficiency required by IRCC, which is a Canadian Language Benchmark 5 (CLB5) for graduates of certificate, diploma, advanced diplomas, or graduate certificates; and Canadian Language Benchmark 7 (CLB7) for graduates of degree programs
- Meet all other PGWP requirements

To ensure you are eligible for a PGWP, please review the date of your study permit application.
