## **Matrix**

Version 6

Published 9/24/2021 by Jennifer Kim Last updated 1/16/2024 2:05 PM by Truc Chau

Matrix is a cluster of Linux CentOS servers. Students can use Matrix to learn working and programming in a Linux environment.

## **Full-time Students**

- To request and create an account use the self-service portal of Matrix.
- Student accounts will remain active as long as the student is active and enrolled in a full-time day program.

## **Part-time Students**

 Student accounts for Continuing Education will be active on Matrix for the duration of their course.

## **Accessing Matrix**

- Matrix can be accessed using any SSH/SFTP client such as MobaXterm or WinSCP.
- To use SSH/SFTP to Matrix from outside of Seneca Network, users must be connected to VPN.

Each user on Matrix will have a website with the URL as: https://matrix.senecapolytechnic.ca/~username/

https://matrix.senecapolytechnic.ca/
