

U.S. Consul General visits Seneca

Published 3/28/2023 by [Stephanie Conte](#)

On Monday, March 27, Susan Crystal, Consul General, U.S. Consulate General Toronto, visited Newnham Campus.

During her visit, she met with President David Agnew for a tour that included stops at The Service Hub, the Kuka Robotics Lab, Siemens Mechatronics Lab and HELIX. The visit was a great opportunity to showcase Seneca as Canada's leading polytechnic institution to our American neighbours.
