

Theft and locker safety prevention tips

Published 5/3/2023 by [Ryan Ramphal](#)

Preventing theft from lockers is a priority for everyone. By reducing the opportunity for individuals to access your locker and the value of objects in it, you can help reduce the risk of locker theft.

You can reduce the chances of having your personal items stolen by taking/keeping your belongings with you – even if you intend to step away briefly. Consider using some of these prevention strategies to keep yourself safe on campus:

- securing and locking your items while using the Athletics & Recreation facilities or any locker on campus
- never leave your valuables unattended and keep them out of sight
- checking that your locker is shut and locked before walking away
- ensuring that you are using a sturdy and reliable lock
- keeping your locker combination confidential
- not leaving valuables in your locker overnight or on weekends
- reporting all incidents and suspicious activity to Security Services or the police

Seen something suspicious on campus ? Or have a report to file? Here are some of the some ways to contact us:

- Emergency HelpLine: 416.764.0911
- Microsoft Teams ext. 88

- Email: security@senecacollege.ca
- Report a tip on **SenecaSAFE** through chat, submitting an in-app tip, or calling us
- Visit your campus Security Office:
 - B2000, Building B, Newnham Campus
 - 2nd floor main entrance, Garriock Hall, King Campus
 - Welcome Desk, 1st Floor, Seneca@York Campus
 - Main Entrance, 1st Floor, Markham Campus
 - Main Entrance, 1st Floor, Peterborough Campus
