

Help eliminate single-use packaging at Seneca with Friendlier

Published 5/23/2023 by [Katherine Apostolou](#)

You may notice some of your favourite meals at The Pond, Newnham's Cafeteria are packaged differently this semester. To help eliminate single-use packaging on campus, we've partnered with Friendlier to swap out some of the packaging used with recyclable and reusable food containers.

All you have to do is place your empty container in one of the Friendlier sorting bins after you are finished your meal. Bins are located in the following areas:

- The Pond, Newnham's Cafeteria
- Newnham Campus Residence
- Vestibule leading to the bust stop at Level 2, Building C
