

Seneca student leads workshop at Travel Market Place

Published 6/9/2023 by **Katherine Apostolou**

On June 22 and June 23, Seneca student Yiu Hei Mak (Eugene) is co-presenting an engaging workshop titled "Tips for Taking Better Photos with Your SmartPhone" alongside Daniel McCarthy, Vice President & Editor-in-Chief of Travel Market Report. The workshop promises to provide valuable insights and practical tips on capturing stunning photos using smartphones.

This event brings together industry professionals and experts to discuss the latest trends and advancements in the travel sector.

The **School of Hospitality and Tourism** has been exclusively asked to supply volunteers for the conference. Professor Ed Bennington will coordinate six student volunteers to work at the event, which will give them great exposure to the travel and tourism industry and improve their resumés.

We are #SenecaProud of Yiu Hei Mak's accomplishment, as it reflects the dedication and excellence that our students strive for. This opportunity not only recognizes Yiu Hei Mak's talent but also highlights the high-quality education and industry exposure provided by Seneca Polytechnic.
