This year's Therapeutic Recreation Ontario (TRO) 2023 Conference took place from June 7 to June 9 at the Delta Hotel in Toronto. The conference, sponsored by Seneca Polytechnic, hosted therapeutic recreation professionals across Ontario, which included Seneca students, alumni, faculty and staff.

During the conference, Seneca held a trade show to connect with future employers and prospective students, while also promoting the [Honours Bachelor of Therapeutic Recreation](#) (DTR) program and its outreach.

Several topics were covered, including meaningful engagement through the arts, aging, mental health and other innovative therapeutic interventions.
