

ITS Notice – Microsoft Stream (Classic) Retiring

Published 8/31/2023 by [Stephanie Conte](#)

Microsoft announced it is retiring Stream (Classic) and replacing it with Stream (on SharePoint) on Friday, Sept. 15

Who or What is the impact?

- Students and employees will be able to upload videos to Stream (Classic) until Sept 15
- Videos uploaded to Stream (Classic) by Sept 15 will remain available but set to “read-only” until they are migrated by Information Technology Systems (ITS) to Stream (on SharePoint)
- Details regarding the migration of videos from Stream (Classic) to Stream (on SharePoint) will be communicated at a later date

What do you need to do?

- Start using the new [Stream \(on SharePoint\)](#)
- In preparation for the migration, please delete any videos that are no longer needed from Stream (Classic)

More information is available on [Microsoft](#).

If you have any questions or concerns, please [contact ITS Service Desk](#).
