About

Students within the Environmental Landscape Management (EVL) program require the DynaScape software package for several Year 2 courses (EVL355, EVL454, and EVL455). DynaScape is the industry-leading landscape software for professional landscapers and is a required resource for the above courses.

License

A remote licence for students can be purchased directly from the vendor for relevant Windows OS systems: <https://www.dynascape.com/pricing/>. Software requirements and the ordering process will be discussed in the course.

Access

DynaScape can be accessed via **MyApps**. Please review **step-by-step instructions**.
