

# International Student Support Group

Published 10/18/2023 by **Shona Dias**

Welcome to the **International Student Support Group** page!

Seneca has created [Student Support Groups](#) which provide a warm and welcoming environment where equity deserving students who share similar identities and experiences can connect.

These support groups are led by Student Ambassadors, who have been in your shoes. This space provides a valuable opportunity for you to connect with your peers, share and learn from each other, and establish a sense of community and belonging among other members of your group.

These support groups can be an outlet for casual conversations, allowing you to unwind and connect after a long week. You will have the opportunity to delve into meaningful conversations around student life and to share your experiences throughout your journey here at Seneca.

If you are looking for a space to connect, share experiences, and find a sense of belonging with peers, then please attend one of our upcoming **International Student Support Group** drop-ins.
