Start Here for Academic Success!

Looking to start your semester off in the right direction? Come join the Learning Centre for a workshop that focuses on planning ahead and time management to help you achieve your academic goals.

Register to attend by selecting a session below:

- [Monday, Sept. 15 from 3 to 4 p.m. EDT](#)

AI Literacy & Generative AI

In this workshop, students will explore the foundations, functionalities and implications of Generative AI. They will gain insights into how it differs from traditional AI, understanding the mechanics behind machine learning, algorithms, artificial neural networks (ANNs), Generative Pre-trained Transformers (GPTs) and Large Language Models (LLMs). The session will also cover the use of AI in maintaining academic integrity, addressing ethical considerations and practical strategies for evaluating AI-generated outputs. Additionally, the workshop will introduce Microsoft Copilot, highlighting its potential to enhance productivity and encourage innovation in academic settings.

- [Tuesday, Sept. 16 from 10 to 11 a.m. EDT](#)
