Your peer mentor will help you navigate your transition to Seneca Polytechnic. They can share tips on how to make the most of your student experience and connect you to useful resources. An email will be sent to your student email at the start of the term with information on how to connect with your mentor. For more details visit the [peer mentor webpage](#).

If you are a student who has pursued a pathway from a diploma to a degree program and you would like a mentor please register [here](#).
