To complete your intent to enrol, log in to your [Student Home](#), select the Academic Records tile and then choose Intent to Enrol in the menu.

Within approximately 48 hours of submitting your Intent to Enrol, you will be eligible to enrol in your classes during the open enrolment period. Resources, such as tip sheets and videos for scheduling assistance, are [available online](#).

If you need help or have questions, a series of webinars will be held closer to the start of the Winter 2025 semester to support you with confirming your enrolment and building your schedule. These sessions take place in Eastern Daylight Time (EDT) in the [Student Life WebEx room](#).

Please check back for the schedule.
