Resident advisors

Resident advisors (RAs) are student employees who provide guidance and support, uphold the Residence Community Living Standards Agreement and plan educational and social activities. They have scheduled shifts to complete nightly duties. If you are interested in applying to be an RA, contact our residence life department for more information.

Residence Council

The council oversees the residence program and gives students the opportunity to become leaders. Council members represent students living in the residence and are available to hear their concerns in an open and welcoming environment.

If you are a passionate advocate for community involvement and are looking for new and exciting experiences, the council is a great way to become involved. It also provides the opportunity to gain experience both personally and professionally. If you are interested in becoming a member, contact our residence life department for more information.
