

Microsoft Stream (Classic) set to retire April 15

Published 4/1/2024 by [Sonia Novello](#)

Microsoft Stream (Classic) is set to retire on **Monday, April 15**. To preserve your valuable work, please migrate the videos you need to OneDrive or SharePoint before this date.

What you need to do:

- **Determine which videos are still relevant.** This is a great opportunity to review your videos and delete those that you no longer need.
- **Download your videos.** Once you've determined which videos are still relevant, download them from Microsoft Stream (Classic) by following these [instructions](#).
- **Upload to OneDrive or SharePoint.** Once downloaded, upload your videos to [OneDrive](#) or [SharePoint](#) by following the step-by-step instructions provided.

Need Help?

We understand that this transition may come with questions or the need for assistance, so please reach out to the [ITS Service Desk](#) for help, available 24-7.
