

Batteries

Version 4

Published 4/2/2024 by **Nadezda Tsygankova** Last updated 1/9/2025 4:30 PM by **Paula Echeveste Petrone**

Seneca works with an external company to dispose of batteries using a method that recycles and reuses all of the components of an alkaline battery sustainably – nothing is sent to landfill. During 2022, Seneca collected more than 270 kg of batteries for safe recycling.

Battery collection bins are located at the following campuses:

- Outside of the Computing Commons, S1115 Seneca @York Campus
- Shipping & Receiving, Room GH1030, Garriock Hall, King Campus
- Computer Commons, Pod C, Garriock Hall, King Campus
- Main Entrance, next to the Welcome Desk, Building A, second floor, Newnham Campus
