

Friendlier Containers

Version 3

Published 4/2/2024 by **Nadezda Tsygankova** Last updated 12/11/2024 5:22 PM by **Paula Echeveste Petrone**

To ensure our Friendlier reusable container program runs smoothly and that we get the most out of each container, we're introducing a 50-cent deposit for each use. This deposit will apply at the point of purchase to all containers used in Seneca's cafeterias. Your participation helps us reduce waste and promote sustainability on campus.

Getting your deposit back is simple with the **Friendlier app**. Here's how you do it:

1. **Download the Friendlier app:** Start by downloading the Friendlier app from your app store. Once it's installed on your smartphone, enter your name and email address to create your account.
1. **Return the container:** After enjoying your meal, scan the barcode on the bottom or side of the container using the Friendlier app. Then, place the container in one of the designated Friendlier return bins located around campus.
2. **Get your deposit back:** You can collect your deposit via e-transfer one to two weeks after you drop off your container. Alternatively, you have the option to donate your deposit to a cause of your choice, making your meal even more impactful.

Friendlier re-usable containers are available at select locations throughout Seneca's campuses.

Friendlier containers and lids can be returned to a Friendlier sorting bin at:

King Campus

- Cafeteria, Garriock Hall
- Connection Café, Garriock Hall
- Lobby, Residence

Please empty all containers before disposing.

FAQ

Q: What if I don't have a Friendlier account before purchasing food?

A: You can create a Friendlier account at any time before returning your container. You can also enter your name and email address on the website when returning the container, at app.friendlier.ca

Q: What if I can't install the Friendlier app or I don't have a smartphone?

A: You can still return your container by entering your name and email address on the Friendlier website, along with the alphanumeric code found on the container.

Q: How does the new process work for employees, contractors and guests who purchase food on campus?

A: All users, including employees, contractors and guests, will have the same experience
