How do I know if I am eligible for PLAR?

A candidate may apply for PLAR where learning outcomes of a course can clearly be met through the assessment of a portfolio and/or through a challenge process. Not all courses and programs are eligible for PLAR consideration (e.g., courses or programs with specific industry requirements).

A candidate may not apply for PLAR where they have already met or exceeded the number of courses eligible to be earned towards prior learning credit. Please refer to the [Prior Learning Assessment and Recognition Policy](#) for more information.
