All people in Canada have the right to work and study in an environment that is free from discrimination and/or harassment. Field Placement operates within the Canadian Charter of Rights and Freedoms and the Ontario Human Rights Code. Students must report any discriminatory act to their Field Mentor and Field Placement Coordinator to determine if a Charter or Code was violated and if so, will ensure to document and undertake the appropriate actions. The Field Mentor will inform the Field Liaison of the results providing this information to the Field Team and Manager.
