

Amanda T.

Published 10/5/2021 by [Gerald Encabo](#)

I am a Professor in the SoHT Programs. Currently I teach Introduction to Business Administration, Business of Tourism and Front Office Operations and Management.

I have been working in hospitality operations for over 20 years. I have extensive experience in managing food service, events and hotels. Check out my link [Amanda's Bio](#)

The highlight of my industry experience has been the opportunities I have had to work with and teach students in and out of the classroom.

I have been blessed to travel throughout my career. I have been lucky enough to see [Canada](#) from the east to the west coast which is the most beautiful country. Some of my favourite international experiences were exploring the history and live music [Jazz Playhouse](#) or [Carousel Bar](#) in [New Orleans, Louisiana](#) or staying at [The Pennisula](#) in [New York City](#) or touring [Iceland](#) to see all the amazing waterfalls and geysers where I stayed at the [5 Million Star Hotel](#) overnight in a bubble.

I love this industry and sharing all my experiences!
