Published 5 days ago by [Deena Douara](#)

Seneca Polytechnic scholarships, awards and bursary applications are now open. There are many different types of awards available, with some based on merit, some on financial need and some that are a mix of both, so we encourage all students to apply. To apply, you must be a Seneca student and meet the eligibility requirements outlined for each award. There are a limited number of awards and not everyone who applies will be successful.
