

# Unlock your potential with Seneca's Learning Centres

Published 10/25/2024 by [Sonia Novello](#)

Whether you're struggling with a challenging subject or looking to enhance your skills, [Seneca's Learning Centres](#) offer personalized tutoring sessions and workshops tailored to your needs to help you understand complex concepts, improve your study techniques, and boost your confidence.

Some of the resources include:

- Offering help with your courses through Peer Tutors — senior students in your program who are excelling — to guide you through difficult course concepts, help you develop positive study techniques, tackle assignments and prepare for tests and exams.
- Boosting your learning skills by helping you develop better time management practices, effective note-taking techniques and study and test-taking strategies.
- Providing math assistance through tutoring, workshops, drop-in sessions, helpful tip sheets for self-study and a range of online resources.
- Improving your English, writing and other communication skills with help from a tutor and various workshops that focus on grammar, essay writing and other specific writing skills.
