Published 10/6/2021 by [Gerald Encabo](#)

Since 1988, Temple and Temple Tours has been specializing in the organization of educational tours that are safe, fun and structured for students. We offer the greatest variety of destinations, the most competitive prices & top notch service to our clients. Each of our innovative programmes allows you to explore new regions, re-visit favourite destinations, and immerse yourself in other cultures.

As a proudly Canadian-owned & -operated company, we offer a uniquely Canadian perspective whether traveling within Canada or going abroad. We understand that safe, structured travel is a valuable part of the education process, which is why we work hand-in-hand with schools and teachers to find a trip and itinerary that suits their students' needs. We are the originators of many innovative programs and in our silver anniversary year we continue our tradition of breaking new ground by offering new tours!
