

Pursuit

Published 10/6/2021 by [Gerald Encabo](#)

Our Banff Jasper team shares a passion for adventures and an authentic desire to play host to the world. Our diverse team is united by our connection to the people and places we're lucky to call home. We are the compass of adventure—welcoming guests to our backyard and sharing the little-known secrets of these iconic places. We guide guests across emerald lakes, on to ancient glaciers and up summit peaks. We do this with a deep respect for the iconic national parks that we're fortunate to live and work in. We're always on the lookout for explorers who want to join us in our journey. Are you ready to make your dreams a reality?

Our staff residences welcome a vibrant, diverse and inclusive community. Our residences have furnished bedrooms, common areas for socializing, and space for quiet time. Most of our accommodations are dormitory style, which means you will have one to four roommates with shared washroom, kitchen and common areas. Staff accommodation fees start from \$15/day and are automatically payroll deducted. Water, power, heat, and basic Wi-Fi are included in staff accommodation fees.

Available Career Opportunities: May-October is our busiest season and we have many positions available at our hotels and attractions. Some of our job categories include Hotel Operations, Support Services, Guest Experience, Interpretive & Storytelling, and Retail jobs.
