

SQAC talks to students about the Course Assessment Survey (CAS)

Published 13 days ago by [Joanna Crabtree](#)

During the Fall Course Assessment Survey (CAS) period from Nov 12th to Dec 1st, members of the SQAC were in campus hallways to promote the survey and encourage all students to participate.

SQAC members answered students' questions about the survey and shared how the information is used to help Seneca improve their classroom experience.

The CAS is administered in the Fall and Winter semesters during weeks 10-12. The survey is distributed to each student's MySeneca email from the Centre for Institutional Data and Enterprise Analytics (C-IDEA). The survey is voluntary and responses are confidential.

Faculty teaching daytime courses receive the results a few weeks into the following semester.

Faculty teaching in continuing education course receive the results after grades have been released at the end of the semester.
