

Multi-Factor Authentication required for the Seneca Works Career Portal starting March 24

Published 17 days ago by [Ran Luo](#)

To help keep your data at Seneca Polytechnic secure from cyber threats, please note that Multi-Factor Authentication (MFA) via Microsoft Authenticator will be required to access the [Seneca Works Career Portal](#) starting Monday, March 24.

Many of the existing digital services that you have access to as a current Seneca student already require MFA, such as your MySeneca student email, Learn@Seneca (Blackboard), the Microsoft 365 suite of applications (Outlook, Teams, Word, etc.) and more.

Learn more about [Microsoft Authenticator MFA](#) today.
