

Seneca Polytechnic and GLS University team up to enhance international education opportunities

Published 2 days ago by [Ryan Flanagan](#)

Seneca Polytechnic has announced a new partnership with India's GLS University that will provide students with a unique pathway to an international education and a world-recognized bachelor's degree. The partnership will give students the opportunity to enrol in GLS University's Global Programme, begin their studies at GLS University's campus in Ahmedabad, India and after their first year, transfer credits so they can continue the program in Canada.

Bachelor of Business Administration and Bachelor of Computer Science degrees will be available to students through the partnership.

"We are excited to continue bringing polytechnic education to students worldwide through our new partnership with GLS University," said President David Agnew. "This collaboration will open doors for more students to access high-quality polytechnic education and global opportunities. Students will also be eligible to apply for a three-year Post Graduation Work Permit upon graduation, benefiting from the exceptional learning these programs will provide."
