

Maintenance work to be done at Newnham and Seneca@York

Published a day ago by [Sharon Lindores](#)

Maintenance will be done on a couple of campus buildings in the months ahead.

The sealant on the outside of the Stephen E. Quinlan Building at Seneca@York will be replaced from Tuesday, April 15 until Saturday, Oct. 11.

And the sealant on Building A at Newnham Campus will be replaced from Monday, May 5 until Tuesday, July 1.

You may notice signage and fencing around the work areas, but there shouldn't be any major disruptions.

Seneca apologizes for any inconvenience this may cause.
