

SOLIDWORKS Certification

Version 5

Published 7/10/2025 by **Ankur Patel** Last updated 7/10/2025 8:48 PM by **Ankur Patel**

Obtaining a SOLIDWORKS certification significantly enhances students' chances of securing a job by demonstrating a verified level of expertise and commitment to potential employers. In today's competitive job market, SOLIDWORKS certifications serve as tangible proof of students' skills and knowledge, distinguishing them from other candidates.

Hence, Seneca is pleased to offer students the opportunity to earn industry-recognized certifications in SOLIDWORKS. Students can pursue the Certified SOLIDWORKS Associate (CSWA) and Certified SOLIDWORKS Professional (CSWP) certifications.

Details are provided below:

Who can apply for these certifications?

All Seneca students who successfully passed or are enrolled in the following courses:

For the CSWA certification, one must be enrolled in below course:

- ADM501

For the CSWP certification, one must pass below:

- CSWA

Students are only allowed one attempt for each test.
