I teach a variety of courses at Seneca, lately I have been teaching the HTM299 Human Resources course quite often as well as intro computers classes.

My favourite thing about what I teach is the students. I enjoy seeing their passion and involvement in the courses. Their growth and development is what fuels my passion for teaching

I studied both Hospitality in College and University. I have been in the hospitality industry for over 26 years now. Started with my parents owning several Second Cup franchises throughout the years and growing from there. I've had the pleasure of being part of the opening team for Toronto Pearson Terminal 1 and working for large companies such as The Keg and Pinnacle Caterers where we served the private suites at Scotiabank Arena and BMO Field.

My favourite destination is Turkey, I am part Turkish and every time I go I enjoy the rich culture, food and history of the country.
