

# Field Placement Professional Conduct Agreement

Version 3

Published 8 days ago by [Tracy Rogers](#) Last updated 9/22/2025 10:35 PM by [Tracy Rogers](#)

To ensure a safe, respectful, and successful learning experience, all placement students must sign the Field Placement Professional Conduct Agreement.

This agreement sets out the standards of professional conduct expected during field placements. It outlines key expectations around professionalism, safety, and ethical behavior while representing Seneca Polytechnic. Students are required to follow both school and placement site policies, uphold health and safety standards, and maintain respectful conduct. Violations—such as misconduct or unsafe behavior—may result in removal from placement, a failing grade, or further academic consequences.

The Field Placement Professional Conduct Agreement is located on [Synergy](#) under Important Documents.
