To ensure a safe, respectful, and successful learning experience, all placement students must sign the Field Placement Professional Conduct Agreement Learning Contract.

This agreement sets out the standards of professional conduct expected during field placements. It outlines key expectations around professionalism, safety, and ethical behavior while representing Seneca Polytechnic. Students are required to follow both school and placement site policies, uphold health and safety standards, and maintain respectful conduct. Violations—such as misconduct or unsafe behavior—may result in removal from placement, a failing grade, or further academic consequences.

The Field Placement Professional Conduct Agreement Learning Contract is located on Synergy under Important Documents.
