What services does the Assistive Technology Team provide?

Published 10/22/2025 by Tracey Laurin

The Assistive Technology (AT) Team within Accessible Learning Services offers a range of supports, including:

- Access to adaptive workstations and specialized computer software
- Guidance and training on assistive technology tools
- An AT loan program where students can try technology before committing to a specific solution
- Troubleshooting and technical assistance for learning-related tools
- A quiet, inclusive workspace equipped for academic productivity
