Benefits of being a peer mentor:

- Get career-ready and world-ready – develop your communication, leadership and collaboration skills to help you prepare for the workforce
- Give back – share your time and knowledge with new students and help them transition into Seneca
- Expand your network – connect with the larger Seneca community

This leadership opportunity is open to those enrolling in full-time classes for the Winter 2026 Term. The peer mentor volunteer role runs from Monday, Jan. 5 to Friday, April 17.
