

## Seasonal snow fencing at Newnham Campus parking lots to begin Nov. 14

Published 11/4/2025 by [Ran Luo](#)

As part of Seneca Polytechnic's preparation for the upcoming winter season and the ensuing snowfalls, please be advised that sections (highlighted in red) of the following parking lots at Newnham Campus will be fenced off starting Friday, Nov. 14 until the end of winter, to make space for snow removal and storage:

- Lot 3
- Lot 7
- Lot 9
- Lot 10

\* With respect to the sections that will be fenced off, the highlighted areas in red are not to scale and are only included for illustrative purpose.

As the fencing will affect the four lots' regular capacities, if you have a favourite/regular parking spot, then you may have to find alternative options until the fencing is removed.

Thank you for your understanding and co-operation.
