

Wellbeing and Ethics of Care

Version 3

Published 11/6/2025 by **Holly Werda** Last updated 11/6/2025 6:32 PM by **Holly Werda**

Through the ethics of care lens, students will examine health, safety, and nutrition regulations, policies, procedures, and evidenced-informed practices in Early Childhood programs. Students will evaluate multiple dimensions of health, wellbeing, and vulnerability examining the socio-cultural contexts of lives of families, communities, and educators. The process of child abuse reporting will be examined at an introductory level. Students will learn about health, safety and nutrition practices in Early Childhood programs.
