

[Seneca@York Campus] Overnight network maintenance scheduled from Nov. 15 to 16

Published a day ago by [Ran Luo](#)

As part of the ongoing efforts to enhance the network capacity and security on our campuses, overnight maintenance and upgrades for Seneca@York Campus have been scheduled from 5 p.m. on Saturday, Nov. 15 until 5 a.m. on Sunday, Nov. 16.

If you will be on campus during those hours, while door access will remain operational, please expect service interruptions/outages to the following:

- Printing
- Emergency phones (reminder to install the [Seneca SAFE](#) app on your phone)
- Wired and wireless internet access
- On-campus access to academic software services, such as MyVMLab, Matrix, MyVault, MyDrive, CAAVault, FilmInstitute, Deadline and Avid Media Central
- Lab imaging
- Lab workstations login
- Johnson Control building automation

For any questions or further information about the scheduled maintenance, please reach out to the [ITS Service Desk](#).

We appreciate your patience and understanding.
