Published 11/12/2025 by [Anna Dorbyk](#)

Our lease in York University's Victor Phillip Dahdaleh Building (DB) will end in May 2027. We have the space to relocate some programs to the Stephen E. Quinlan (SEQ) Building, while others will move to Newnham Campus.

Program moves will be staggered, with some beginning in May 2026 and all programs vacating the building by May 2027. Any program moving to Newnham Campus will relocate in the May 2026 term.

You can view the list of programs that are [moving](#). If your program is moving, you will have received an email from Seneca Notices on November 12.
