Our students have done it again! Following their incredible win at the Ontario Capstone Competition 2025, where Adam B. and Sam Davis took 1st place with their innovative project, “The ScreenSpeeder: Wireless Web Controller for the Visually Impaired,” they have now triumphed at the National NEAT Week Competition!

This remarkable accomplishment was made possible under the guidance of our Professor, and Program Coordinator, Karen Craigs and the inspiring leadership of our Chair, Niyosha Zafani Rad.

📢 Congratulations to Adam and Sam for continuing to make us proud on the national stage! 📢
