

Severe weather update for Monday, Jan. 26

Published 14 hours ago by [Cam Gordon](#)

Some campus operations on Monday will be impacted by the major snowfall in the Greater Toronto Area (GTA) and Peterborough.

All Seneca campuses will remain open on Monday but in-person day classes will move online, where possible. A decision about evening classes will be made by 2 p.m. on Monday.

The Service Hub will be closed for in-person support but be available online. On-campus dining options will be limited and many offerings, including all coffee and dining venues, will be closed. Athletic and recreation facilities, and test centres will also be closed. There will be no shuttle service between campuses.

We continue to monitor weather conditions and will provide any additional updates through SenecaSAFE, MySeneca and social media if more campus operations are affected.
