Ceiling replacement for select sections of Magna Hall at King Campus will commence on Monday, Feb. 9 and continue through the end of March.

To minimize the impact on our students, employees and visitors, the planned construction work (including demolitions, the associated cleanup and installation of new materials) will be performed between 5:30 p.m. each day and 7 a.m. the following day.

If you plan on staying on campus during those hours, please excuse our appearance.

For your convenience, the areas where construction will be taking place are represented by the yellow triangles (not to scale) and include:

- The vestibules
- Portions of the Library and the study spaces within
- Athletics & Recreation Sports Services front desk
