

In Memoriam

Published 19 hours ago by [Anna Dorbyk](#)

Seneca mourns the loss of alumnus Mackenzie Gunther in the aviation accident at LaGuardia Airport in New York yesterday.

Mr. Gunther graduated from the Honours Bachelor of Aviation Technology (FPR) program in 2023. Through the Jazz Aviation Pathways Program, he joined Jazz Aviation immediately after graduation and began his professional flying career. He was the First Officer on the flight, operating as Air Canada Express, from Montreal to New York.

Seneca sends our deepest condolences to Mr. Gunther's family and friends, and to his former colleagues and professors. He will be deeply missed.

To honour the memory of Mr. Gunther, flags at Seneca's campuses will be lowered to half-mast on Tuesday, March 24.

This is tragic news for our community. If you want to talk, please know that support is available through our [Counselling Services team](#). You can also reach out to one of our [Student Wellbeing Specialists](#). We will have counsellors available at Peterborough Campus this week and will update this message with details soon.
