WHAT IS WIL?

Work-integrated learning (WIL) is an experiential learning opportunity between Seneca, students and employers. Students meeting all academic requirements may have the opportunity to complete an optional work term(s) in a formal work environment. The work term(s) is similar in length to an academic semester and typically involves full-time work hours that may be paid or unpaid. In programs with limited work term opportunities, additional academic requirements and a passing grade on a communication assessment may be required for eligibility. Eligibility for participation does not guarantee a work position will be secured. Additional fees are required for those participating in the optional work term stream regardless of success in securing a work position.

BENEFITS OF WORK INTEGRATED LEARNING INCLUDE

Gain real-world experience

Gain leadership, teamwork and communication skills.

Transition between school and the job market

Gain professional network contacts

Get a better understanding of the job market

Enhance your soft skills and advance your knowledge

Manage your future career aspirations and decisions

Broaden your perspectives

& Many More
