Obtaining Course Outlines Online

Course outlines for **full-time studies** can be found by searching the [Seneca Subject Outlines](#) page by subject code (e.g. ABC123).

If you want to look for a course outline from our **part time studies**, visit the [Search for Course Outline](#) page.

If you require a course outline and can't find it online, email theservicehub@senecapolytechnic.ca using a valid Seneca email address with the course code you are unable to find.
