Checking your Graduation Requirements

There are a few steps to follow to make sure you will be graduating.

1. Log into [Student Home](#) and select the "Academic Progress" tile. You can find the same information in two places: select either "Academic Progress" for the new style or "My Academic Requirements" for the classic style:
 - Displayed is a detailed report of your requirements. Check that your status is listed as "satisfied." This shows that, upon successful completion of your current enrolments, you should be eligible to graduate
 - If the report is showing as "not satisfied," scroll down to view outstanding requirements. Select the arrow to view additional details. Please ensure any program required milestones are also complete

2. **To check your expected graduation term:** While in the “Academic Progress” tile, select “Expected Graduation Term” from the menu.
