Black Student Support

Are you a first semester student? Our SMILE Program matches first year students with upper year students based on identity and experiences. Join the SMILE program and be matched with a black identified upper year student who can help you navigate your transition to the postsecondary environment. They can share tips on how to make the most of your student experience and connect you to valuable resources. Once matched, your mentor will be available to help answer your questions through email, text and/or virtual meetings.

To request a mentor, [click here](#).
