# Been on campus? Tested positive? Tell us.

Published  12/21/2021 by  Stephanie Conte

If you have been on a Seneca campus within the past 10 days and you:

- test positive for COVID-19

- experience symptoms

- or are exposed to someone who tests positive ... we need to know.

Please email health@senecacollege.ca immediately.

Do your part to keep yourself and our community safe against the spread of Omicron.
