## Season 4, Episode 8: Raghad Kamel and Tatiana Mighiu

Published 3/9/2022 by Tiffany Hsieh

Host Pat Perdue sits down with two Seneca professors who are teaching in the flexible format. Dr. Raghad Kamel from the Faculty of Applied Science & Engineering Technology and Tatiana Mighiu from the Opticianry diploma program share what setting up a flex classroom really looks like, some of the technology challenges they have overcome and the benefits of flex and in-person instruction.
