## Eligible Awards

- If you get a message saying you are not eligible for any awards it may be because you have already applied. Check under “View My Student Awards” on the “Financial Aid” tile to see the awards you have already applied for.
10. A number of questions will appear and are linked to the awards you have selected. If the question does not apply to you, please type N/A or deselect the award. There is a 500-character limit (not word limit) on the questions. You can copy the questions and come back to the application when you are ready, as long as it is before the application deadline. If you wish, you can write the answers in a word document, then copy and paste them to the application. This will help ensure you have the right number of characters and will enable you to check your grammar and spelling.
- Please note some awards require additional documents, you will see this next to the award along with an add button.
  - To see which documents are required click on the name of the award.
  - Make sure you only upload the accepted file types.
11. Click Submit when you have answered all the questions.
- If you do not submit at this time you will not have applied for the awards, only completed an application. To be considered for the awards you must click submit
  - Please note once you click submit you cannot make any changes

To track the status of your application, select “View My Student Awards” under the “Financial Aid” tile. Make sure you select the correct year and if there are multiple pages you can scroll across to see all the awards you have applied for.

If you receive an award, you will be asked to provide a thank-you letter to share with the donor who funded your award. In addition, when applicable, some student award recipients will be invited to the annual Seneca Awards reception in the spring and are encouraged to attend.
